Membership Guidelines

Persons who are interested in joining our club or wish to find out more information will need to email the Vice President. The Vice President will then forward on information to the person who is interested in joining RCTV via email, before they attend their first meeting. Information will include: RCTV information document, police check form and member application.

Vice President 2012/2013:
Shayne Nash
shayne.nash@gmail.com

The Vice President is responsible for providing information on the next general meeting, and will meet and greet the potential member. They will be introduced to the club and will be asked to tell us about themselves and why they are interested in joining RCTV.

The potential member needs to attend three meetings or club service events to be eligible to submit a member application form to the secretary, with a membership fee of $50.00. This application form will be tabled at the next scheduled board meeting and any concerns about membership needs to be raised to the board prior to this meeting occurring. If membership is approved, induction will occur at the next available general meeting, and upon induction a polo top, name tag and Rotaract badge will be given to the member. Police checks will need to be completed at this time, and the member cannot participate in volunteering and community events until the police check is sighted by the secretary.

Secretary contact details:
Katie Upston
secretary@rvtv.com.au

Membership Expectations

- Attend 2/3 of general meetings
- If a member misses 2 general meetings in a row, it is expected that they attend a RC Tamar Sunrise meeting during that month, which will count as a meeting attendance. *Meetings are Wednesday mornings at 7am*.
- Every member is to be part of a club focus group where you will attend 100% of events for this area, unless alternative arrangements are made with that director and then approved by the board.
- Attend 3/4 of community volunteering events
- Attendance will be recorded for both general meetings and community volunteering events. If members have concerns that another member is not contributing they are to raise concerns to a board member and it will then be discussed at the next board

meeting. If the board determine that a member is failing to meet membership requirements, this will be raised with the member with the aim of resolving the matter. If a resolution cannot be reached and/or membership requirements are continually not met, the membership may be terminated.

- If members require a period of leave, they can apply for this exclusion through the board. It would be desirable for members who are on leave to still contribute in discussions/events externally.
